Perception of **DEFENCE** Services

Focused Pavilion on

INDIGENOUS NAVAL, SHIPBUILDING CAPABILITY and related Service Providers

India is growing with great speed and would be leading economies globally soon. According to Goldman Sachs economists, India would be one of the BRIC economies (Brazil, Russia, India and China) that could become a much larger force globally in coming future. Maritime industry is a backbone of the country's EXIM trade. Therefore, it would not be wrong if said that development of shipping and ports industries contribute to the growth of the nation.

In order to match with speed of the economy, shipping industry is also on the high way. There are multiple proposals to bring the industry to the international standards.

VISION: Maritime Agenda 2020

The Maritime Agenda, a vision document, has proposed four-fold growth in coming ten years. Besides, it also suggests vision of being recognised globally as a highly effective, efficient, responsible and progressive maritime administration. It aims at comprehensive growth of the industry including developments of ports, berths, increasing capacity of the ports, modernisation of infrastructure facilities, port connectivity, etc. Some of the projects have already started. Indian tonnage is expected to reach a level of 43 million GT by 2020, which will include owned and chartered tonnage. Out of this, 30 million GT may be the owned tonnage. For achieving this tonnage, an investment of around INR 120,000 crore is estimated including private investment.

Chairman, Central Advisory Board,
SMP World Expo 2012

Mr S Hajara

Chairman & Managing Director,
The Shipping Corporation of India Ltd

Global Brand Ambassador,
SMP World Expo 2012

Capt J C Anand

Chairman,
Indian Register of Shipping

SMP/OCEANTEX/ENERTECH 2010 FACTS & FIGURES

- 223 Exhibitors (Including Collaborators/Joint Venture Partners)
- 53 Overseas Exhibitors (Including Participants/Collaborators/Joint Venture Partners)
- More than 10,000 Visitors
- Participation from 18 Countries
- Support from international associations: The Council of EU Chambers of Commerce in India, Pipelines Industry Guild, UK, International Marine Contractors Association (UK) and The China Petroleum & Petrochemical Technology and Equipment (China)
- 85 Speakers from leading Indian & Overseas companies deliberating on the latest state of art technologies and trends.
- 1000 Delegates

Key Areas of Development:

- Indian shipping would aspire to reach a level of 130 million GT by 2020
- Development of two hub ports on each of the West and the East coasts – Mumbai (JNPT), Kochi, Chennai and Visakhapatnam
- Heavy mechanization of cargo handling equipments at all ports
- To achieve a global shipbuilding market share of 5 percent by 2020
- Development of IWT infrastructure
- Development of storage areas near ports
- Better port connectivity through road and rail ways
- New Coastal Shipping Policy

About Shipping, Marine & Ports World Expo 2012

The upcoming event is not only aimed at creating a platform, offering business opportunities, but it would also address key issues in the maritime industry through conferences on various subjects. The government bodies, industry leaders and other maritime bodies would share one forum to discuss and talk about the challenges and its solutions. The result of the discussion would definitely lead to the growth of the industry and a bright future.

SCOPE OF EXHIBITION

- Marine Equipment
- Marine Technology
- Shipbuilding/Shipyard Industry
- Dredging
- Ports
- Maritime Services
- Shipyard Installation Equipment
- Instrumentation/Automation & Control
- Propulsion Systems
- Port Equipment and Technology
- Ship Operations Equipment
- Cargo & Material Handling Equipment & Systems
- Electronics/Communications
- Offshore Technology
- Navigational Equipment & Aids
- Propulsion Systems & Drives
- Corrosion Technology & Services
- Defence Technology & Products Services

VISITOR'S PROFILE

- Ship Owners/Ship Managers/Institutions
- Ports & Port Technology
- Offshore Technology for Exploration of Natural Resources
- Logistics
- Shipbuilding/Ship Managers/Shipyard Industry
- Shipping Administrators & Classification Societies
- Non-Governmental Organisations
- Dredging
- Shipyard Installations and Equipment
- Marine Equipment
- Electrical Engineering / Electronics/Communications
- Prime movers/Propulsion Systems
- Ship Operation Equipment
- Indian Navy & Coast Guard
- Oil & Gas Industry
- Marine Technology
- Maritime Services
- Maritime Educational & Training Institutes

SMP 2010 Leaders Speak....

"Shipping is the least polluting form of transport since its level of emissions and is much lower than all other modes of transport. India has the best seafarers and the nation can become a global maritime hub if we can remove certain impediments vis-à-vis maritime law and insurance. Since its inception, SMP World Expo has been one of the key forums wherein such critical and crucial issues are discussed and deliberated in great detail."

Mr S Hajara

CMD, The Shipping Corporation of India Ltd

"India's first special economic zone exclusively for a port is being developed by the Jawaharlal Nehru Port Trust (JNPT) on a sprawling 276 hectares of land on the Panvel-Uran road. The Rs 3,000-crore SEZ would generate jobs for 30,000 people in various sectors apart from shipping. Forums like SMP World Expo help us to share our learnings with industry peers and catalyse the growth of shipping and ports in India."

Mr S S Hussain

Chairman, JNPT

"Korea has achieved leadership position in the global shipping industry after years of focused effort and government support. The Indian shipping industry is poised for greater achievements and we want to contribute and be a part India's success story. SMP World Expo has proven to be our gateway to the Indian maritime sector."

Mr Oh Kong-Gyun

Vice Chairman, International Association of Classification Societies, Chairman & CEO, Korean Register of Shipping

"SMP World Expo is a wonderful platform for the shipping industry wherein the key stakeholders can not only network with each other, but also chart the path ahead for the Indian shipping industry."

Ms Lakshmi Venkatachalam (IAS)

DG of Shipping, Government of India

"In order to promote the domestic shipbuilding industry, the government has extended the subsidy scheme, earlier meant only for state-owned companies, to private shipbuilding companies. We expect more such proactive measures from the government and SMP World Expo has been a great platform to put across our views to the government and the shipping fraternity."

Mr V Kumar

Managing Director, Bharati Shipyard Ltd

International Conferences

- Ship Building
- Infrastructure
- Financing
- Public-Private Partnerships
- Maritime Training
- Maritime Safety
- Ports
- Private Port Case Studies
- Ports-Rail-Road Connectivity
- Security Issues
